WORK EXPERIENCE

Bitgenie Research Pvt Ltd, Full Stack Developer	June, 2020 - Aug, 2020
Redesigned the landing page of the bitgenie research website and created a 3 tier subscription model for the same website.	
IT Department, KJSIEIT Full Stack developer	Dec, 2019 - Jan, 2020
Developed an inventory management system for the college for better management of IOT kits. For which I received a letter of appreciation from the Head of our department.	
IT Department, KJSIEIT Full Stack Developer	June, 2021 - Dec, 2021
Created Examiner appointment system, which automates the process of appointing examiners along with that, this system allows features to manage Examiners, Subjects, Users and Departments. This internship was under Dr. Suresh Ukarande (Principal of KJSIEIT)	

PROJECTS

Mybrary, Technology Stack:- Nodejs MongoDB, Express, EJS
A book repository web app to add book cover with their authors names along with the description and other details of the book.
Burger Builder, Technology Stack:- ReactJs, Redux, Firebase
A webapp to customize burgers with visual effects. It includes authentication and order summary achieved using firebase
Box-shadow Visual Editor, Technology Stack:- Javascript, CSS
CSS property box-shadow visual editor for understanding how this property works. We can change the values of horizontal offset, vertical offset, blur and spread and can visually see how it will impact the selected DOM element.
Patatap Clone, Technology Stack:- Javascript, Howler.js, Paper.js
A simple app which creates different sound effects and different visual effects on a keypress. This works for only alphabetical keys i.e a-z/A-Z.

CERTIFICATIONS AND TRAINING

Web development Training - Participated in web development training conducted by the college during winter vacation. Based on the performance was awarded an internship opportunity to develop an Inventory management system for college hardware components which mainly included IOT components.
Udemy Certification - "Web developer bootcamp" by colt steele a 61 hours long course which covers html, css, javascript, nodejs, mongodb and express in-depth.

Other Interests and Hobbies

I Love playing various sports such as basketball, volleyball and cricket. Played basketball and cricket on a competitive level.
